

## Burrito Pillowcase

Main Piece	27" x WOF	(3/4 Yard)
Border Piece	9" x WOF	(1/4 Yard)
Accent Strip (optional)	3" x WOF	(1/8 Yard)

1. Before sewing, lay your fabric pieces on top of each other and line up the folded edge. We want all the piece to be the same width. And selvages removed. After lining up the pieces, trim your fabric to remove the selvages.
2. Next, lay 9" border piece face up on table.
3. Optional Step...Press the 3" trim piece in half the long way and lay folded piece on top of the border piece.
4. Lay main piece of pillowcase face down - lined up with border piece. All the raw edges of all two pieces should line up on the top edge.
5. Roll the main fabric from the bottom up and then fold the border piece up to the top (creating a tube) then pin all the raw edges together.
6. Stitch along the edge then turn inside out. You have a finished edge with all the stitching on the inside.

Finish the side with either a French seam or serge the edges together.

Congratulations, you have a beautifully finished pillowcase.

Please bring your finished pillowcases or bibs to our hopefully soon in person meeting or drop off at Blue Heron Stitchery with my name on them so Brandy knows they are for Guild.
