Guild Meeting Speaker—Beth Helfter, EvaPaige Quilt Designs

Beth Helfter presents her “Oompah Accordion Sewn Half Square Triangles (HST)” program. What happens when you have a designer who not only wants to be as scrappy as possible and also hates wasting fabric? Well...all sorts of things. Beth took her passion one step further to develop a technique where her triangles do not have a twin and do not waste fabric. The technique is sewing HSTs in “accordions”.

Add another step and you can sew the blocks for an *entire* quilt in individual accordions that come together like magic!

The workshop will start immediately following the meeting. Please bring lunch so we can jump right in.

Guild Meeting Speaker—Joyce Hughes**

Joyce is an Award Winning self-taught quilter, fiber artist and author. Her first quilt was a tee-shirt quilt, which she enjoyed making, but felt limited in the ability to express her artistic capabilities. Within several months she began to design pictorial landscape quilts using raw edge applique, thread painting, and a variety of embellishments. Never knowing the “rules” she broke a lot of them, but with exciting results!

We enjoyed a wonderful program last month with Linda Hahn, who shared her New York Beauty Block techniques, and offered a fun workshop the next day.

At our March meeting Beth Helfter will present her "Oompah Accordion-Sewn Half Square Triangles" program. That same afternoon, there will be a half-day workshop to make a table runner using Beth's methods. This one is going to be cool! See Page 1 for more information and find the registration form and supply list attached in this email.

In April Joyce Hughes will visit with her Dimensional Thread Painting program and workshop. This is a great opportunity to try something new! See Page 2 for more information. The registration form and supply list can be found on the MRQ website or attached to this email.

Drum roll...in March the LAST block to be presented for the Challenge Quilt will be the House Block, presented by Fran Oblander. How is your challenge quilt coming along? Have you started yet?

9-Patch Teaser: What can you do with scraps and strips that are 1 1/2" wide? Something really fun! 9-patch squares that finish at 3" in a quilt are so stinkin' cute! Stay tuned because there is a workshop in our future that will teach a pattern that calls for lots of these. All scrappy, anything goes, and the results will be gorgeous! The only thing you have to be thinking about now is...do you want a scrappy quilt with a dark background or a light background?

Hello, Quilters!

I just returned from a day at Quilt Con in Atlanta. Some truly amazing quilts using geometric shapes, graphics, color, really pushing the envelope of art vs quilt. I met a young man (around age 10) who came in 2nd place in the Youth Category. His smile was ear to ear!

Promoting our craft to the next generation is important. Making quilts for younger family members is a great way to introduce them to quilting. Perhaps one day they will get bitten by the quilt bug too. New minds into the quilting sphere, those who aren't limited by "quilt rules" will be bringing an exciting and new dimension to quilting! Try something new on your next quilt—and push some boundaries!

Happy quilting!

Kits for the Meals on Wheels placemat project will be ready for distribution at the March meeting. If you have a placemat from your stash, please bring it to the March meeting so that we can count it in with the others. Placemat dimensions should be 12" x 16". Thank you so much for your participation.

MOW have told me the clients really appreciate the "clothing protectors" that were given to them at the holiday distribution and that they hoped that there would be more. The committee has cut some "clothing protector" kits also and they will be available at the March meeting.

BIRTHDAY BUNDLES

RAFFLE QUILT

Fran Oblander

MRQ BEE KEEPER

Judy Hertel

February was another stellar fundraising month. Our birthday bundles and scrap sales brought in over \$300. Thank you to our birthday girls and to our donators!

There are many March birthdays. Birthday wishes to Kathy Lennox, Sue Quinn, Janet Swan, Teri Levin, Lynn O'Neal, Nan Brown, Margot Silva, Lorraine Ochs, Becky Robinson, Mindy Weaver, Vicki Nash, Joyce Haskins, Brandy Yingling, Kellie Coombs, and Susan Tyler.

An integral part of MRQ fundraising is Birthday Bundles. In your birthday month we ask you to bring a silent auction "basket" or "bundle of new or very gently used items. Our members love swarming the table to find a bargain, a unique item or just something fun to add to their sewing rooms. We appreciate those of you who contribute and don't forget.....in May we will have a gift for the two members whose baskets raised the most money. You may bring multiple baskets any time!

Please stop by the raffle ticket table to turn in money and pick up more tickets. We have an exceptional quilt that will allow us to publicize our guild and raise fund for our mission.

As a reminder, for each 20 tickets sold the members get to select a free pattern when they return their ticket money. The member's name is also added to the box for drawing for quilting-related prizes. The individual who sells the most tickets and the individual who sells the winning ticket will receive a gift card to a local quilt shop. Thanks to everyone who is participating in this fund-raiser!

If you have questions, please contact Fran Oblander, fran@alien87.com

Four bee groups have started meeting!

We have 2 groups meeting at Savannah Sews in Pooler. Both groups are working on Judy Neimeyer projects. One group meets the 3rd Tuesday of each month and is currently full. The other meets on Thursday once a month and is currently full, to my knowledge.

Scrappy Ladies meets on the 4th Sunday of each month at Blue Heron from 12:30—4:30. This group will support each other working with their fabric stashes and helping organize Brandy's back room. It also is currently full.

A new group begins the 4th Thursday of each month 6:30—9:30 in member's homes. This group is limited by space so will have 8 members. It currently has 6.

Historical Quilt Patterns Jacob's Ladder

I love researching quilt block designs and Gaye gave me an excuse to do more poking around. We have looked at some quilt blocks this year comparing traditional blocks with their more modern/wonky versions. Let's look at a few more for both history and variations.

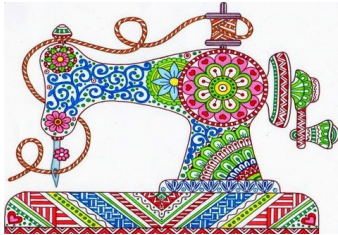

The Jacob's Ladder quilt block is characterized by strong diagonal lines running in both directions through the block. Four patches fill the corners and center of this variation on a nine patch pattern, with half square triangles completing the design.

The quilt pattern known as Jacob's Ladder is also has several other names - Underground Railroad, Road to California, Off to San Francisco, Gone to Chicago, Stepping Stones and Trail to the Covered Wagon. All of the names have one thing in common; they refer to traveling somewhere. The pattern of Jacob's Ladder looks like roads crossing the quilt, hence the names for this design.

The first illustration of Jacob's Ladder was two color only, like the first illustration below. Later versions used more colors, then played with the elements of the block while still maintaining the theme of the diagonal lines. The final photo is of a modern version of Jacob's Ladder.

Jacob's Ladder has often been said to originate in pre-Revolutionary or Civil War years. However, there are no historical examples of this pattern before the beginning of the 20th century. It could be that the names Jacob's Ladder and the Underground Railroad were intended to honor the Bible and the history of slaves respectively.
